# BUSY, BUSY FEBRUARY

## FEBRUARY CRAB FEED

**I think we're getting it down pat.**

A GREAT BIG THANK YOU to all the helpers. We had shrimp cooked, tables set up, and raffle prizes displayed in a record 2 hours. AND, we get to do it again this month. Our crab feeds are great fundraisers and everyone that attends looks so forward to them every year. As I passed through the crowd at the Feb feed all I could hear were praises on the crab & shrimp and they **said the "pasta" was the BEST EVER** (good job Lion Gertie). Lion Linda has the cooking of the shrimp down to a science and I

even saw Lion Dave and Dave M. wrapping cutlery. Our 4-**H**'ers and Courtney **did another "great"** job serving everyone, THANK YOU so much.

I especially want to thank a certain Gary S. for his very generous donation for raffle prizes, and to every other Lion that brought prizes (we made \$844 on the raffle). I hate to ask, but we need to do it again for March, thank you in advance. Our **total profit for the Feb "feed"** was \$2,442.31 (including the bar), with \$234.30 being applied to the playground fund.

Lion Roberta

## SUPER BOWL PARTY—GIANTS WON

**Whether you were a "fan" of the Giants OR the Patriots, or neither, you have to admit it was a VERY** good game right down to the last few seconds. What fun we had, good food, good times, and a good game. Poor Dave had to sit in the quiet room to hear the game. We had plenty of grub and if anyone left hungry, that was your own fault. I would like to thank Mike for his fantastic barbecuing, yet again. If anything, the only complaint was that there wasn't enough left-over tri-tip that could be taken home for later. Thanks to all the volunteer bartenders for keeping us plied with libations. Hopefully next year Oakland or San Francisco will make it in to the Superbowl !!

## STUDENT SPEAKER CONTEST—Club level contest was held on Feb

2nd. Dena Hughes from Linda, a senior at Marysville High School, was the winner and will go on to compete in the Zone level contest to be held March 15th at our Club. Dena actually grew up in Loma Rica and her dream is to attend college at North Carolina and major in psychology. Good luck to you Dena in your upcoming competition, and thanks to Chairman Lion John Newlin.

# MORE FEBRUARY ACTIVITIES

**FLAG DAY**—This is always such a great experience for the local 5th graders, Beale Honor Guard, and Lions members. This year's event was held February 17th @ Loma Rica Elementary and Browns Valley Elementary, we had a good turnout of Lion Members (9) and there was free pizza for lunch. Thank you to the Beale Team for demonstrating the correct way to raise, lower, and honor our American Flag. **Plus, they answered all of the questions put to them by the kids, and there are some pretty "far out" ones.** Each child receives a personal flag and brochure to take home and display in their rooms. Thanks again to all that participated.

**C.A.S.T. Spaghetti Dinner**—THE DINNER WAS AWESOME. Spaghetti & Raviolis, Salad, and Garlic Bread yummm. C.A.S.T. stands for Catch a Special Thrill and is a national nonprofit organization. This year our local C.A.S.T will sponsor two events at Collins Lake. Each event offers disabled and special needs children ranging in age from 5 to 18 years old, a day of fishing, boating and an opportunity to experience something they will remember for a lifetime. Each participant is provided breakfast, lunch, event shirt/hat, fishing pole, tackle box, water bottle and also a plaque with their picture on it. Event expenses are over \$3,000, so every bit of donations help to offset the cost. The recent fundraiser held at our club netted \$600 from dinner sales and raffle prizes. Good job and I understand **Lions Linda and Jean Marie's** spaghetti sauce was excellent, of course could it be anything else?

**ADOPT—A—HIGHWAY**—Thank you to my awesome crew, you are the best ever. Had a new face this time, Lion Janet wasn't real sure if she had fun or not, but we did a fantastic job. Things didn't seem quite as trashy, but still can't understand why people throw so much stuff out their car windows. We collected 20 bags and the usual tire treads, hub caps, even some unmentionables; I found \$10 and treated the crew to **Bloody Mary's, Yahoo !!** Thanks again, we'll attack it again in May or June.

**F**  
**Y**  
**I**

This is not a good subject to talk about, but if you have a loved one that has expressed **their wishes "I don't want to be hooked up to machines, etc."** California Law (effective in 2009) has a document known as Physician Orders for Life-Sustaining Treatments (POLST). Which means no more hospitalization and no medical heroics to save a life, just palliative care to keep one comfortable at home. POLST forms allow doctors to help people with serious or progressive illnesses to specify the extent of life sustaining measures they are willing to accept. The law also gives immunity to providers that honor a POLST document. If you would like more information in regards to this document go on-line to [capolst.org](http://capolst.org).

Doctors now realize that blood sugar is the #1 factor for good health and long life. Out-of-control blood sugar is linked to every serious degenerative disease on the Top 10 Killers list. Excess blood sugar harms every important organ in your body. It's a huge problem, and eating less sugar won't protect you. That's because so many hidden sugars and sweeteners are being added to our foods today -- even the ones that aren't supposed to be "sweet." But there's an even bigger problem which most people aren't even aware of. Many Carbohydrate foods spike your blood sugar -- even when they contain no sweeteners! Bread, baked goods, breakfast cereals, pasta, chips, even white potatoes and rice. These and many other innocent-looking foods carry a dangerous secret... They become blood sugar just as rapidly as if you ate pure table sugar! Eating these high-carb foods can play havoc with your blood sugar and create serious health problems. And sometimes diet-and-exercise just isn't enough to neutralize the threat for some people. So, let's protect our health, and take control of your Blood Sugar.

LAUGH AND KEEP ON LAUGHING

Doctors have long suspected that laughter is good for your health. Now new research sheds some light on a comic cure. It seems the muscular exertion required to let out a good guffaw releases endorphins, that boost mood and can also reduce pain. Other studies have found that laughing lowers blood **pressure and improves the immune system. But, make sure it's a "laughing till it hurts" laugh**, says an Oxford psychologist.

### Words from your President:

Hi Everyone, Well you should be re-  
 ceiving your questionnaire in the next  
 week or so, please fill it out and send it  
 back to me, this is to just give the  
 Board some new fresh Ideas. You do  
 not need to put your name on it so be  
 honest..... Again thank you for your  
 time.

### Now its Kudo's time:

I'd like to say a big Thank You to Lions Carlos and Mary and  
 Lion Mike and all the Lions who volunteered to tend bar  
 for the Super Bowl event, it was a blast, excellent food  
 BBQ'd by Air Force Mike, tri-tip and chicken, plus all the pot  
 luck dishes.....just excellent!

I'd like to say Thank You to Lion Roberta and her Crab Feed  
 Crew for all the work they did, I had to work, but I will be at  
 the next one. I hear we had an excellent turnout.....

Another Thank You goes out to Lions Linda S and Jean  
 Marie for making the spaghetti sauce for the fundraiser din-  
 ner on the 18th for the Cast for Kids, we teamed up with the  
 American Legion and together we brought them almost  
 \$1,000 excellent community turnout.

Thank You goes to Lion John N. who is our chair for the Stu-  
 dent Speaker Contest, not to mention he is also our Zone  
 Chairman. Unfortunately, we only had 1 student participate,  
 Lion John tells me there was a mix up on the dates.

Next month is going to be busy again, we will have nomina-  
 tions for the upcoming elections at our first meeting. Then  
 we will have our next Crab Feed on March 3rd, our St. Pat-  
 rick's Day dinner/party on the 17th. And, every Tuesday at 6  
 pm there is a History Book meeting. For those that are new,  
 this is our scrap book that illustrates all of the events and  
 functions we held throughout the year and it is judged at our  
 up coming convention in April. If you like to work on scrap  
 books please feel free to come and help out. I know I'm for-  
 getting someone, I'm Sorry!

Anyways between work and the club, and home life, I've  
 been pretty busy.

**Submitted by President Lion Sheri**

Lion Barbara Metzner is **"HEP C FREE"**, what wonderful  
 news, she is still suffering from the side affects of the  
 medical treatments, but thank goodness only for another  
 5 weeks. Hope to see you real soon Lion Barbara.

### Today's Message of the Day is:

FORGET ABOUT HEALTH FOOD, I NEED ALL THE PRESERVATIVES I CAN GET

Here's a new face, congrats Lion Linda in winning the 50-50 at the 1st meeting in February, unfortunately the pot was kinda skimpy at \$23.00, but better than what I got.

FROM THE EDITOR:

I guess we ALL missed winter, for some reason, the rains kept going to the north or south of us. My poor **plants are confused, they don't know** whether to bloom or stay hidden for a few more weeks. Hopefully, the water we have will be enough and next year will bring the rains.

**I know this face, I've** seen it before, congrats Lion Jean, winning the 50-50 for \$40.00 at our sweetheart meeting, did you buy your sweetheart a beer?

**Spring does begin March 20th, and it's my favorite time** of year. I walk around my yard welcoming the plants and **flowers that made it through the freezing' temps we** had, talking to them and gently touching the leaves. I know, a little strange.

Some long needed repairs will be going on with YOUR Club so help out whenever you can. The rotten wood and gutters on the building are being replaced first, then we need to fix the plumbing in the bar, the windows could stand a good washing inside and out, we need to jump on the yard work, the weeds are growing like crazy. SO, if you are able come on down and pitch in, be proud of your **Lion's Club. There is something for everyone, don't be shy.**

**IS IT THE "DRAGON SLAYER"?, NO IT'S THE "GOPHER SLAYER". IF YOU HAVE**

A GOPHER AND/OR MOLE PROBLEM AS MOST OF US DO? **We have a "mighty hunter" amongst us,** Lion John Downs has awesome traps and has been capturing these destructive and annoying creatures at the Club. SO, if you have a problem and ask him real nice I bet he would come to your aid. Just give him a call.

Thank you all for your calls and concerns, I finally **kicked that nasty "whatever" it was I had. Didn't eat for a week and didn't even lose a single pound. Go figure.**

Send all letters, questions, or thoughts to [strundy@syix.com](mailto:strundy@syix.com), PO Box 8147, Marysville,

or call 742-3041

**Cut-Off for Bulletin publications is by the 25th of the Month**

LI ON SUSIE TRUNDY, Editor

THANK YOU Lions Scotty and Mike Saala for fixing the flag pole cable and getting the new flag waving in the breeze. Looks GREAT.

FOR ALL MY DOG LOVER FRIENDS

Every time I lose a dog, they take a piece of my heart with them. Every new dog who comes into my life gives me a piece of their heart. If I live long enough, all the components of my heart will be dog, and I will become as generous and loving as they are.

**LAUGH LINE**—A husband and wife are shopping, the husband puts a case of Budweiser in their cart. 'What are you doing?' asks the wife. 'They're on sale, only \$10 for 24 cans' he replies. 'Put them back, we can't afford them' demands the wife. A few aisles further along the woman picks up a \$20 jar of face cream. 'What do you think you're doing?' asks the husband. 'It's my face cream. It makes me look beautiful,' replies the wife. Her husband retorts: 'So does 24 cans of Budweiser and it's half the price.' Dead husband on isle 12.
