TAIL TWISTER CHALLENGE—Alright folks, on this day in history, October 6th, 1889 Thomas Edison showed the very first Motion Picture. As we all know, things have come a long way since then, so I want **everyone to bring their favorite Hollywood produced movie from home to share. We won't be able to watch it, but it can be from any era, even if your favorite is a classic from the 1950's, it is still your favorite.**

October 20th may be a little more fun. It is *National Brandied Fruit Day*, which celebrates sweet tasting fruit, soaked and marinated in brandy. So, we can enjoy a little brandied fruit on this day. I hope you have been canning, I know I have, brandied cherries are coming to this meeting. I want all of you to bring your brandied fruit. In the interest of fairness, all who may not can, you can bring a brandied fruit from the store as well! Submitted by Tail Twister Lion Chris

CAR SHOW (102 ENTRIES)

You DID IT Lions Kenn & Sheri—and appropriately for your 10th year to hit over 100 cars. What a "great" day!! Sure makes me want to have one of those Classic cars, Lion Jeff found one he wanted for a "steal", only \$15,000, but told him that would buy a LOT of Coors Lites. The "entries" were all fantastic, the food scrumptious (because we ran out), the Bloody Mary's fabulous and in "high demand", the music great fun and really good, and most importantly the Lion volunteers that stepped up to the plate to make it a VERY successful event. We did it with Lion Members and a couple friends and relatives of Sheri's. For the sake of inadvertently missing someone I'm just going to say you know who you are and THANK YOU. Our Net Profit was \$5,082.82 (including the bar, what GREAT bartenders we have) AND just when I think it can't be done, Lions J, Darrell, and Paul (and their helpers) outdid themselves AGAIN taking in \$763.00 for parking donations and it all goes towards the playground fund. PLUS, THANK YOU so much for all the donated Raffle Prizes, it is SO appreciated and our total intake for raffles was \$1,144.00, excellent. Total donation to Playground Fund is \$1,256.10, THANK YOU so much Lions Sheri & Kenn for helping out the Club.

Here are the WINNERS and I so apologize I didn't get a picture of Jack Hogan's 3rd Place Peoples Choice—Ford Truck, sorry (I did vote for you).

Meet Your Fellow Lion - Darrell Carlson

Born in Minneapolis, Minnesota on June 1940.

All my grandparents were born in Sweden. I have one older sister and four young brothers. Moved to San Lorenzo, Ca in 1947. Graduated from high school in 1958, where I was on the cross country, basketball, and track teams.

Worked as a janitor for a church/school during high school, first real job **out of high school was in a gas station (didn't we all). Then Transocean Air Lines until it went broke. Changed fields and went to work for United Can Company (part of Hunt's Foods).**

In 1963 at the age of 23 I was drafted into the Army and sent to Fort Riley, Kansas to the Post Supply Office for 9 months and then to Seoul Korea for 12 months. In Seoul I was placed in charge of the incoming USO shows. Did all their scheduling and arrangements. Worked with **four Bob Hope shows helping with the cue cards (didn't schedule them). I really liked my Army job and it gave me a new and better outlook on life.**

Returned to the States where I began training as a machine mechanic. Didn't like the job or noise. In 1968 I went into the Service Station business with one of my brothers. In 1972 started a auto repair business for two years and in 1974 bought an auto wrecking business in San Leandro. Bought a second one in 1976 in Hayward and sold it in 1996. In 1997 bought the Lake Almanor Inn and closed it in 2008.

Moved to Browns Valley in July 2010, with one of my brothers so I could help another brother who has a business here. Was on the Board of Directors for the Bay Area Auto Dismantlers for 20 years.

Member of the Kiwani's Club of Greater Hayward 1981-1996, Member of the Westwood, Lake Almanor Rotary Club 1997 - 2010, and then joined the Foothill Lions Club November 2010.

Hobbies are fishing, traveling, photography, and doing things outdoors.

I would like to add that Darrell is the very tall soft spoken one and appears to be shy and quiet until you get to know him and then he is full of interesting stories and a great talker. :-) He is not afraid of volunteering his time and efforts, has been jumping in even before he became a LION. You can always find him on a lawn mower, picking up trash, helping out at EVERY event, **and is already a member of the Board. We need more Darrell's.**

"LIFE ITSELF" - By Roger Ebert

Writing became a lifeline to film critic Ebert when cancer robbed him of the ability to eat and speak. This is a gutsy, wide-ranging memoir of his sunny boyhood, his love-hate bond with TV sparring partner Gene Siskel, and his favorite movie icons. There is no self-pity, just plenty of insight into living a full life amid giant obstacles.

SNOOZE OR LOSE

Studies find that the sleep deprived age faster. New research shows that lack of sleep ages the brain. Sleep regenerates neurons that enable the brain to function optimally, says senior researcher at Univ College London Med School. The study suggests that six to eight hours of consistently good sleep a night is optimal. Nite, Nite.

On Sept 14th, ten members of the Foothill Lions club joined the Yuba County Sheriff's Posse Search and Rescue for dinner and presented a check to them for \$7,133.66. The donation was made possible from the proceeds of the 2011 Blues & Bikes in the Foothills Festival held on August 6th. The posse members were very appreciative and also advised it will be put to good use. Both the men and women's posse were in attendance. They thanked us for our support to their organization and our community.

Words from your President:

Hi everyone, another month down, whew! And, a busy one at that.

This month I have two kudos to give, #1 to Lion Kitt and Lion Colleen, for the wonderful swap meet they chaired on the 17th, along with 20 different sellers. Made a little money for the club, had a good turnout, and they all want to do it again next year, bigger and better.

Then #2, on to our car show, 102 cars.....we were all so excited. And, EXCELLENT volunteers (approximately 50% of our membership helped out in one way or the other) and that is something to be proud of. **I don't dare name people, for I am sure I will forget someone and I don't want to do that.....** All I want to say is THANK YOU so very much for all of your hard work.

Our Club visitation went well with the Linda Lions, on the 27th, Lion Linda, Lion Janet, Lion Jane and myself where present to make it an official visitation.....**yeah???** Guess it was a "little" too early for Lion Susie. :-)

And don't forget Monday Night Football with Debbie and Janet's yummy Tacos and Scotty and Linda's super duper Chili Dogs.

We have another busy month coming up so check your calendar and try to participate where you can.

Prayers and thoughts to Lion Roger Johnson and his family for the recent passing of his niece.

Lion John Newlin's wife, Cindy, has passed losing her battle with lung cancer, he and his family need your comforting thoughts and prayers during this painful time.

Congrats are in order for Lions Foster and **Vera's** daughter for her recent marriage, Best Wishes for many Happy Days.

As you are reading this, **Lions Joni & David's sister, Carole**, is undergoing a very serious heart surgery. Please pray for their family and for a successful recovery, we love you Carole.

Today's Message of the Day is:

There is no beginning, there is no end. Yesterday is history,
 Tomorrow is a mystery. Today is a gift, that's why it's called the 'present.'

Lion Vera, yahoo !!!
Happy gal winning the 50-50 @ our 9/1 meeting for \$59.00, saw Lion Foster reaching out his hand.

I missed it, but I understand that Lion Bob won the 50-50 AGAIN, this time for \$62.00. Guess I missed out on the free drink too, the bar thanks you.

NEW LION MEMBER

Please welcome your newest Lion Member, Chris Kreider, sponsored by our very own **"Wild Bill" Lion Rocher**. A big plus already is that Lion Chris goes into town and gives Lion Bill a ride so he can attend our general meetings, that's so very kind of you. **Lion Chris lives in Loma Rica and was Lion Bill's neighbor** before he and Min moved to town. Lion Chris **grew up in his grandmother's home in Ohio** and would see Lion signs everywhere and it was always a mystery to him as to what a Lion was? When he moved to Loma Rica in 2007 he met Lion Bill and found out about getting involved in the community and the friendships **that are made and decided "if it's good enough for Bill, it's good enough for me"**. **Lion Chris is a "landscape (painter) artist" with many awards to his credit.** He was also **presented with our PDG Lion Paul's service award patch for "work to come"**. **Welcome Chris,**

already saw him in the dishpan helping out the Lioness. Looking forward to working with you.

FROM THE EDITOR:

I just want to reflect on the recent Reno Air Races, that we attend every year (24 years). They came to an abrupt ending on Fri with the horrific **accident that I'm sure you all saw on TV.** I was in camp and only heard the terrible sound of the engine surging and then nothing, we immediately knew something was wrong. Lion Jeff was on the tarmac and saw the plane go in, but was far enough away that none of the debris reached him, thank God.

The pilot, Jimmy Leeward, and his modified P-51 Mustang had the longest air racing careers of any other active pilot or aircraft in this event (since the 1940s). This was the worst accident in the 48-year history of the Reno air races and was the first time spectators have ever been killed or injured.

The crash is still under investigation, but it is believed that he lost the elevator trim tab from the tail section, pitched up hard at 500 MPH, and blacked out slumping forward due to the G force. The aircraft continued in an erratic roll over the grandstands and momentum thankfully headed him away from the stands, but then dove straight into the ground full throttle, directly into the 2nd row of the VIP seating section. The plane totally disintegrated upon impact sending fuel and shrapnel into the crowd, but by the Grace of God did not ignite saving hundreds of lives.

Our hearts and prayers go out to those that lost their lives and to the many that were injured and their families. It will take a long time for the Reno Air Race Association to heal and recover; but they, along with all the pilots, crews, volunteers, and aircraft enthusiasts are a close tight knit group and will be there for each other. Hopefully, this will not deter future events.

Send all letters, questions, or thoughts to strundy@syix.com, PO Box 8147, Marysville, or call 742-3041

Cut-Off for Bulletin publications is by the 25th of the Month

LAUGH LINE— Calling the doctor, a man spoke frantically into the phone.

“My wife is pregnant and her contractions are only two minutes apart”.

“Is this her first child?” the doctor asked.

“No,” the man said. “This is her husband”. And they say blondes are dim-witted.
